地址: 安徽省蚌埠市淮上区特步大道258号中小企业园8-1

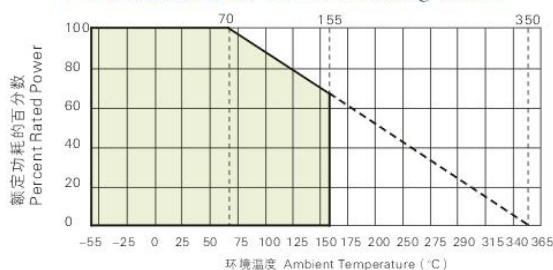

产品特点 Features

◎RXLG系列电阻器耐气候性、耐震动性，优于传统瓷骨架电阻器。广泛应用遇于电源、变频器、伺服及高要求恶劣工控环境使用，易紧密安装，易附加散热器，外形美观，是电力电子理想的配套产品。

◎Featured by climate resistance as well as vibration-proof, makes RXLG resistors has superiority to that with traditional frame work, RXLG resistors can be widely applied to power supplier, transducer, servo and vile industry-environment with high requirement, is easy to be installed closely, to be attached with heat sink, and perfect appearance, all the mentioned excellent features contributes RXLG resistors to become the good and necessary product of electric power and electronics.
